Response to Amendment

1. This office action is in response to applicant's amendment received on 6/29/05. Claims 2 – 5, 11 – 14 and 18 have been amended. Claims 1 and 10 have been canceled. Claims 2 – 9 and 11 - 18 are pending on this application. Claims 2, 11 and 18 are independent claims.

Allowable Subject Matter

2. Claims 2 - 9 and 11 – 18 are allowed.
3. The following is an examiner's statement of reasons for allowance:

With respect to claims 2 and 11, in addition to other elements in the respective claims, the prior art of record fails to teach or suggest ““wherein the current paths of the first and second field effect transistors are connected in parallel between the one end of the current path the fifth field effect transistor, and the current paths of the third and fourth field effect transistors are connected in parallel between the one end of the current path of the sixth field effect transistor”.

With respect to claim 18, in addition to other elements in the respective claims, the prior art of record fails to teach or suggest wherein the current paths of the field effect transistors included in the drive transistor group are connected in parallel between the one end of the current path of one of the field effect transistors included in the transfer gate transistor group and the reference electrode“

4. The prior art made of record and considered pertinent to the applicant's disclosure does not teach or suggest the claimed limitations. Annavajjhala and
